

## 'Fill Your Feathers' Scavenger Hunt

*You will need:*

*paper of your choice, scissors, glue or tape, a camera or phone camera if you are taking pictures, or markers for drawing & writing.*

1. Cut out 4 of each feather size from the templates on the next page (there will be 12 feathers all together). You can use white paper, or colorful paper for fun.
2. Cut out 1 turkey body from the template on the next page. Color or decorate it however you'd like.
3. Complete your scavenger hunt (below). Take a picture, draw, or write a word or phrase on one feather for each thing you find.
4. Put your thankful turkey together with tape or glue:
  - a. Small feathers go first on the sides of the lower body.
  - b. Medium feathers go next, above and behind the small feathers and turkey body & head.
  - c. Large feathers go last, above and behind the medium feathers.
