[Instrumental Hymns of Worship](#) We're getting into some hot weather, and for me something like this is a nice summery way of hearing hymns: on acoustic guitar. The hymns Josh Snodgrass is playing in the video tend toward late-19th or early-20th-century ones like "Just a Closer Walk," but I like his simple arrangements, and each is short enough that it doesn't outstay its welcome.

[Wie der Hirsch schreit](#) Speaking of hot weather, Psalm 42 makes an analogy between how animals need cooling streams and how our souls need God. In this piece, Mendelssohn sets that text (in a German translation) in his typically smooth style.
